

Warabrook Estate

First developed by Kern Corporation in the mid 1980's, Warabrook is a suburb in Newcastle's inner Western suburbs. The suburb development included residential, retail and industrial components, together with retirement and recreational sectors. Newcastle's mail exchange is located here in the first of two industrial stages.

Hunter Land acquired stage two of the industrial land and developed it during 1996/7 as 23 lots. Hunter Land built 15 buildings mainly to customer specifications. Customers included Halmac, HLA-Envirosciences and Hunter Water Laboratories.
